

Shower- and Toiletcabins

SchanCab Flexible Latrine:

That's what we call this kind of cabin.

We have developed in co-operation with Danish Emergency Management Agency

This Latrine has to take care of the hygiene and sanitary conditions of the staff.

The Latrine is produced with a bottom in fibre glass. Can be made with or without toilet.

All parts to use with the latrine is stored inside the bottom, when it's not set up. Ex. Toilet is stored in a separate box.

Size of Latrine:

Collapsed - L x W x H = 1,2 x 1,0 x 0,3 m

Set up - L x W x H = 1,2 x 1,0 x 2,1 m

5 pcs. Pile up = L x W x H = 1,2 x 1,0 x 1,2 m
